Whatâ??s left?

Description

Whatâ??s left? Thatâ??s a loaded question, youâ??re so right.

But what I meant was . . . whatâ??s left in the cookery? Not much at all. It does pose a challenge to stay healthy and nourished when thereâ??s little around the cookery. But weâ??re running down the supplies as we prepare for the relocation. Ten days and counting. This morningâ??s breakfast: toasted bagels (I found these in the freezer), with cream cheese, sliced tomatoes and fresh garden basil. Lots of Granny Smith apples remain so we sliced up a couple of those, too. And the kids are calling for more apple slices. Done!
